

smartZoom®  
classRoom

smart in media  
the pathologists' company

**SmartZoom® ClassRoom** transforms learning into a fully interactive experience. As the leading digital learning platform for digital microscopy, it seamlessly integrates histology slides, macroscopy images, photos, videos, texts, quizzes, and even radiological DICOM images into structured, engaging courses. No software installation required—access everything directly in your browser on PC, laptop, tablet, or smartphone, 24/7.

### Maximize Learning Success with Digital Courses

- Learn anytime, anywhere—on PC, Mac, tablet, or smartphone
- Navigate and zoom effortlessly with an intuitive interface, just like using a microscope
- View and compare samples side by side with the world's fastest viewer, e.g., with different stainings
- Enhance learning with expert annotations—highlight key areas and link directly to additional learning materials
- Create personal annotations as a student to deepen understanding and track individual insights
- Keep all histology slides and supplementary materials in one place—seamlessly integrate PDFs, presentations, photos, audio files, texts, spreadsheets, external forms, and educational videos
- Engage with interactive quizzes featuring multiple-choice, text, and image questions to track learning progress

## YOUR BENEFITS

### PRESENT IN BEST QUALITY

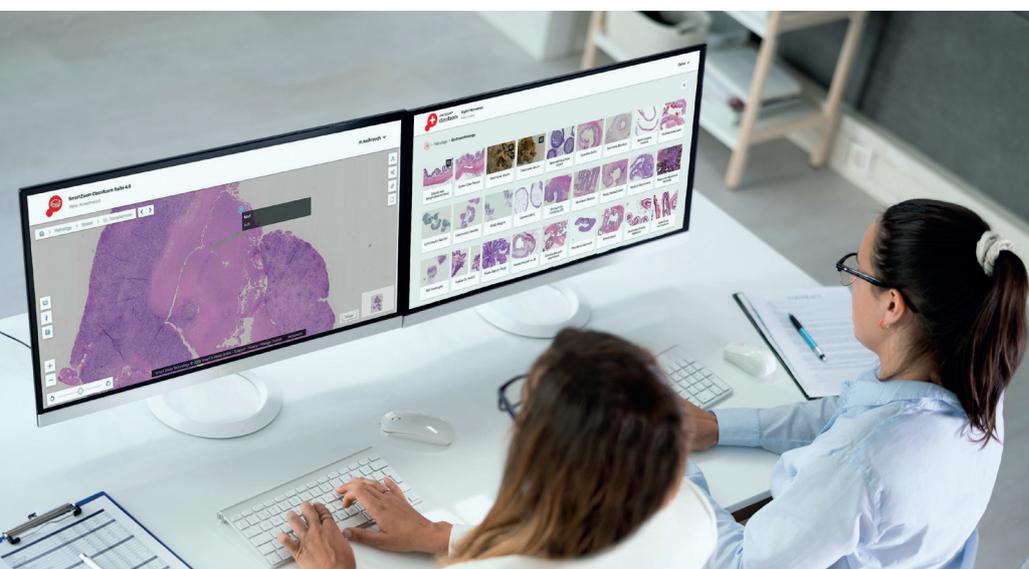

- 24/7 access to digitized slides in the highest quality, with the fastest viewer in the world
- Added expert annotations help students learn by themselves and makes sure they won't miss anything

### SAVE COSTS AND TIME

- Make expensive and crowded microscopy rooms a thing of the past
- Create a course once and use it for years to come

### UNLIMITED SUPPORT

- Ongoing support during setup and running of your platform
- Future updates will improve the platform further and keep it secure
- Fully annotated sets of slide boxes for pathology, cytology, hematology and biology are available

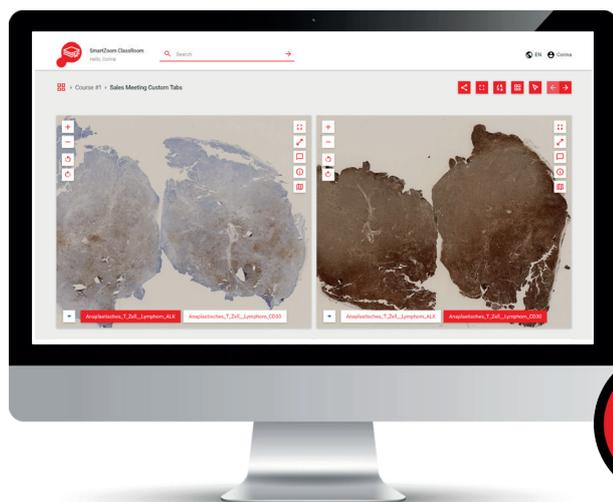

# SMART: Interactive Learning, Anytime, Anywhere

## Simple but Secure Access for Teachers and Students

- Restrict account creation to verified users, e.g., via Single Sign-On (SSO)
- Easily invite additional students with one-time access code vouchers—a perfect solution for Summer Schools and special courses
- Store slides securely in the PathoZoom® SlideCloud
- Full control for admins and teachers—manage access and decide who sees what
